# Clean Energy to Report First Quarter 2021 Financial Results on May 6; Conference Call to Follow at 1:30 p.m. PDT

NEWPORT BEACH, Calif.--(BUSINESS WIRE)-- Clean Energy Fuels Corp. (Nasdaq:CLNE) announced today it will release financial results for the first quarter of 2021 on Thursday May 6, 2021 after market close, followed by an investor conference call at 4:30 p.m. Eastern time (1:30 p.m. Pacific). President and Chief Executive Officer of Clean Energy Andrew J. Littlefair and Chief Financial Officer Robert M. Vreeland will host the call.

Investors interested in participating in the live call can dial 1.877.407.4018 from the U.S. and international callers can dial 1.201.689.8471. A telephone replay will be available approximately two hours after the call concludes through Sunday, June 6 by dialing 1.844.512.2921 from the U.S., or 1.412.317.6671 from international locations, and entering Replay Pin Number 13718519.

There also will be a simultaneous, live webcast available on the Investor Relations section of the Company's web site at [www.cleanenergyfuels.com](http://www.cleanenergyfuels.com), which will be available for replay for 30 days.

## About Clean Energy

Clean Energy Fuels Corp. is the country's leading provider of the cleanest fuel for the transportation market. Through its sales of renewable natural gas (RNG), which is derived from biogenic methane produced by the breakdown of organic waste, Clean Energy allows thousands of vehicles, from airport shuttles to city buses to waste and heavy-duty trucks, to reduce their amount of climate-harming greenhouse gas from 60% to over 400% depending on the source of the RNG, according to the California Air Resources Board. Clean Energy can deliver RNG through compressed natural gas (CNG) and liquefied natural gas (LNG) to its network of fueling stations across the U.S. Clean Energy builds CNG and LNG fueling stations for the transportation market, operates a network of 565 stations across the U.S. and Canada, owns natural gas liquefaction facilities in California and Texas, and transports bulk CNG and LNG to non-transportation customers around the U.S. For more information, visit [www.cleanenergyfuels.com](http://www.cleanenergyfuels.com) and follow @CE\_NatGas.
